

INSTAPATCH®

ULTRA-RAPID CURING CONCRETE REPAIR

RUST-OLEUM®

Cures in
15 minutes

InstaPatch® Ultra-Rapid Curing Concrete Repair patches and repairs damaged concrete floors in minutes, not hours, reducing downtime. This two-component, 100% solids polyurea concrete repair compound cures in 15 minutes or less.

FEATURES & BENEFITS

- ✓ Versatile formula can be poured or trowel applied
- ✓ Easy to use 1:1 mix ratio
- ✓ Color changes from black to gray indicating full cure
- ✓ Low odor allows for application at anytime
- ✓ Cures in 15 minutes or less
- ✓ Can be applied in temperatures as low as -5° F

"InstaPatch worked great to quickly repair a hole in our shop room floor which was causing damage to our equipment. It didn't even interrupt operations."

- Joe P.,
Facility Manager

INSTAPATCH® ULTRA-RAPID CURING CONCRETE REPAIR

QUICK FACTS
