Deck Resurfacer

20x

ROLLER COVER

9" ROLLER COVER designed specifically for RockSolid® Deck Resurfacer 20X

CLEANING INSTRUCTIONS

For RockSolid® Deck Resurfacer 20X, clean roller cover with water.

TIPS

Fill cover by rolling on slat of tray. Apply generously in a consistent pattern using downward pressure and working to a wet edge at all times. For maximum coverage keep cover well filled with coating, especially on uneven surfaces.

INSTRUCCIONES DE LIMPIEZA

Para RockSolid® Deck Resurfacer 20X. Limpia la cubierta con agua.

CONSEJOS

Carga la cubierta haciéndola rodar en una bandeja con rejilla. Aplica abundantemente en un patrón consistente aplicando presión hacia abajo y trabaja tratando de mantener un borde húmedo todo el tiempo. Para una cobertura máxima, mantén la cubierta bien cargada con el revestimiento, especialmente en superficies irregulares.
