

ROTO-ROOTER® BUILD-UP REMOVER

DESCRIPTION AND USES

Roto-Rooter® Build-Up Remover prevents grease build up that can cause slow running drains. Grease fighting, natural enzyme formula coats pipe walls and eliminates build up before a clog forms. Removes unpleasant odors in drains and garbage disposals. Use monthly to prevent clogs from forming. Great for preventing septic system backups.

PRODUCT FEATURES AND BENEFITS

- Safe on all pipes and septic systems
- Works immediately to eliminate build up before a clog forms
- Grease fighting formula
- Natural enzymes
- Prevents slow running drains
- Ideal for use on kitchen sinks, tubs, showers, bathroom sinks and toilets

PRODUCT APPLICATION

READ ALL DIRECTIONS CAREFULLY BEFORE STARTING PROJECT

PRODUCT APPLICATION (cont.)

SHAKE WELL BEFORE USE. This product will not remove clogs or improve slow drains due to mineral deposits or tree roots.

DIRECTIONS FOR USE

FOR SLOW-RUNNING DRAINS:

1. Run warm water through drain for 1-2 minutes.
2. Turn off water and pour 16 oz. (¼ bottle) into drain.
3. Briefly run warm water through drain (about 2-3 cups) to distribute Build-Up Remover along pipe walls.
4. Avoid running water down drain for 8 hours.
5. Repeat for 3 consecutive days if necessary. In certain cases, drain build-up may loosen causing blockage of drain. This means the formula is working to loosen build-up. If this happens, simply plunge the drain and repeat usage of the product.

FOR SLOW-RUNNING TOILETS:

1. Flush 4 oz. of product down toilet for 3 consecutive days.
2. Avoid flushing for about 8 hours after each treatment.

FOR ONGOING TREATMENT:

Pour 2 oz. down each drain and 4 oz. down toilet every 2-4 weeks.

FOR DEODORIZING GARBAGE DISPOSALS:

1. Pour 4 oz. in disposal at the end of the day.
2. Turn disposal quickly on, then off.
3. Avoid using drain for 8 hours after treatment. Repeat weekly.

PHYSICAL PROPERTIES

	BUILD-UP REMOVER
Composition	Blend of Beneficial Microorganisms, Enzymes, Chelant, Dye and Fragrance
pH	6-8
Color	Blue/Green
Odor	None
Volatile Organic Compounds	0% By Weight
Practical Coverage	N/A
Shelf Life	3 years
Flash Point	>200°F (>93°C)
Safety Information	For additional information, see SDS
