

RUST-OLEUM® AUTOMOTIVE METALLIC BRIGHT REFLECTIVE FINISH

DESCRIPTION AND USES

Rust-Oleum® Metallic Bright Reflective Finish is designed to produce a bright, shiny and distinctive finish. This metallic paint is recommended for interior automotive accessories and including helmets, bikes, and more. The Bright Reflective finish features an advanced spray system that allows you to spray at any angle, even upside down for those hard to reach areas. A comfort spray tip with a wider finger pad reduces fatigue caused by continuous spraying

Metallic Bright Reflective Finish is not rub-resistant. It is also not resistant to outdoor conditions. For interior use only.
