Direct -To- Plastic Paint

Renews & Restores Plastic

NO PRIMER NEEDED

DANGER! EXTREMELY FLAMMABLE LIQUID AND VAPOR. VAPOR HARMFUL.
VAPORS MAY CAUSE FLASH FIRE. CONTENTS UNDER PRESSURE.
See other cautions on back panel.

¡PELIGRO! Líquido y vapor extremadamente inflamables. Vapores nocivos. Pueden causar un incendio repentino. No someter a presión. Observar otras precauciones al dorso.

PAINT FOR PLASTIC renews and revitalizes indoor and outdoor plastics. No primer is needed. **For use on:** Polypropylene, polystyrene, resin, PVC, fiberglass, and vinyl plastics such as chairs, tables, and planters. **Tip:** Some plastics made of polyethylene such as plastic storage containers are manufactured in a way that may hinder maximum paint adhesion. Test paint in a hidden area first.

Painting Conditions: Use outdoors or in a well-ventilated area such as an open garage. Use when temperature between 50° and 90°F (10-32°C) and humidity is below 65% to ensure proper drying. Avoid spraying in very windy, dusty conditions. Cover surrounding area to protect from spray mist.

Preparation: For new plastic surfaces, thoroughly wipe down surface with paint thinner to get best adhesion. For aged or weathered surfaces, remove loose material with a dry brush, clean with soap and water, rinse and let dry. If mildew is present, wash with a solution of water and bleach, rinse and let dry. **WARNING!** If you scrape sand or remove old paint, you may release lead dust. LEAD IS TOXIC. Contact the National Lead Information Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.

Painting: Shake can vigorously for one minute after mixing ball begins to rattle. DO NOT STRIKE CAN. Shake often during use. Hold can upright 10-12" from surface and spray in a steady back-and-forth motion, slightly overlapping each stroke. Keep the can the same distance from the surface. Keep the can in motion while spraying. Apply 2 more light coats a few minutes apart. Maximum paint adhesion and durability is achieved in 5-7 days.

Dry & Recoat Times based on 70°F - 50% relative humidity. Allow more time at cooler temperatures. Dry to touch in 20-30 minutes, to handle in 1 hour and fully dry in 24 hours. Apply a second coat within 1 hour or after 48 hours.

Clean-up: When finished spraying, clear spray valve by turning can upside down and pushing nozzle for 5 second. Clean up wet paint with Xylol or mineral spirits. Throw away empty can in trash pickup. Do not burn or place home trash compactor.

Clogging: If valve clogs, twist and pull off nozzle and rinse it in a solvent such as mineral spirits. Do not stick a pin or other objects into the stem.

CONTAINS: LIQUEFIED PETROLEUM GAS, ACETONE, PETROLEUM DISTILLATES AND

CONTAINS: LIQUIDATED PETROLEUM GAS, ACETONE, PETROLEUM DISTILLATES AND AROMATIC HYDROCARBONS. *Vapor harmful.* May affect the brain or nervous system causing dizziness, headache or nausea. Causes eye, skin, nose and throat irritation. **Do not puncture, strike or incinerate (hot) container.** Exposure to heat or prolonged exposure to sunlight causes bursting. **Do not expose to heat or store at temperatures above 120°F (45°C).** NIOSH Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Internalional misuse by deliberately concentrating and inhaling the content may be harmful or lethal. **Vapors may ignite explosively.** Keep away from heat, sparks and flame. **Do not smoke.** Extinguish all flames and pilot lights when you move, stores, heaters, electric motors and other sources of ignition during use and until all vapors are gone. Prevent buildup of vapors by opening all windows and doors to achieve cross-ventilation.

Use only with adequate ventilation. Do not breathe dust, vapors or spray mist. Ensure fresh air during application and drying. If you experience eye watering, headache or dizziness, stop work immediately. If you experience difficulty breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical attention immediately. In case of contact, flush immediately with plenty of water for at least 15 minutes and get medical attention; for skin, wash thoroughly with soap and water. **WARNING:** Cancer and Reproductive Harm - www.P65Warnings.ca.gov. **KEEP OUT OF REACH OF CHILDREN.** Avoid repeated or prolonged contact with skin. Avoid contact with eyes. Wash thoroughly after handling. For emergency, call your physician, local poison control center or local emergency room. For product health information, call: (800) 481-4785.

SATISFACTION GUARANTEED: If you are dissatisfied with this product, contact Rust-Oleum Product Support at 800-481-4785 for product replacement or a full refund of the purchase price. Refer to product number and batch code.

LA PINTURA PARA PLÁSTICOS restaura y revivifica las superficies de plástico ya sea en el interior o el exterior. No requiere preparación con una primera capa.

[illegible]

CONTENIE GAS LIQUIDO DE PETRÓLEO, ACETONA, DESTILADOS DE PETRÓLEO E HIDROCARBUROS AROMÁTICOS. Vapores dañinos. Puede irritar el cerebro o el sistema nervioso causando mareos, dolores de cabeza, o náuseas. Causan irritación en los ojos, piel, nariz y la garganta. No pertorbe gases o monere (quemar) al contenido. Una exposición al calor o una prolongación de exposición al Sol puede causar ruptura explosiva. No exponga al calor o almaceene en temperaturas sobre 44 (110° F). **AVISO:** Los reportes han asociado una exposición excesiva ocasional repetida y prolongada a los solventes con daños permanentes al cerebro y al sistema nervioso. Un mal uso intencional al deliberadamente concentrando y respirando el contenido puede ser dañino o fatal. **Los vapores pueden encenderse explosivamente.** Mantenga lejos del calor, chispas y las llamas. No fume. Aguague las llamas y lánzame lejos, y aguague las estufas, calentadores, motores eléctricos y todas las otras fuentes de ignición hasta que todos los vapores hayan desaparecido. Prevenga la acumulación de vapores ahorrando todas las ventanitas y puertas para lograr una ventilación cruzada. **Use solamente con una ventilación adecuada.** No respire el polvo, los vapores o la niebla del rocío. Asegure la entrada de aire fresco durante la aplicación y el secado. Si experimenta lagrimeo de los ojos, dolores de cabeza, o mareos, use protección para la respiración (aprobada por NIOSH) o salga del área. Evite contacto con los ojos, piel, y la ropa. **Primeros Auxilios:** Si se sufre una dificultad al respirar, salga del área para obtener aire fresco. Si continúa sufriendo una dificultad al respirar obtenga inmediatamente asistencia médica. En caso de contacto con los ojos, enjuague inmediatamente con bastante agua por 15 minutos por lo menos y obtenga atención médica. Para contacto con la piel, lave completamente con abunde agua. **⚠️ ADVERTENCIA:** Cáncer y daños reproductivos – www.P65Warnings.ca.gov. **MANTENGA FUERA DEL ALCANCE DE LOS NIÑOS.** Evitar el contacto repetido o prolongado con la piel. Evite el contacto con los ojos. Lávese bien las manos después de utilizar el producto. En caso de emergencia, comuníquese con su médico, centro local para el control de venenos o clínica para emergencias. Para obtener más información sobre el producto y los posibles efectos en la salud, llame al (800) 481-4785. **PROHIBIDA SU VENTA A MENORES DE 18 AÑOS. PRODUCTO ORIGINAL DE F I L A**
