

LEAKSEAL®

SELF-FUSING TAPE

LeakSeal® Self-Fusing Tape is a revolutionary silicone repair tape that conforms to any surface while providing a water-tight seal through its unique self-fusing action. LeakSeal® Tape creates a chemical- and moisture-resistant barrier that fixes leaky pipes and hoses and covers frayed electrical wires. It is easy to remove, leaves no sticky residue and protects from corrosion.

FEATURES & BENEFITS

- ✓ Stops leaks instantly
- ✓ Quick and easy-to-use, stretch and wrap application
- ✓ Suitable for hot plumbing, resists heat up to 500°F*
- ✓ 700 PSI tensile strength
- ✓ Corrosion and chemical resistant for versatility in most environments
- ✓ Adheres only to itself and leaves no sticky residue
- ✓ Available in black and opaque

* Resists heat continuously at 400°F and intermittently at 500°F.

"LeakSeal Tape has been a lifesaver for stopping sudden leaks and making repairs. I always keep a roll in my toolbox!"

- Kyle M.,
Multi-Family Housing Maintenance Professional

LEAKSEAL® SELF-FUSING TAPE

QUICK FACTS

IDEAL FOR	Sealing pipes, hoses, wires, etc.
USE	Indoor/outdoor
TEMP. RESISTANCE	-85°F (-65°C) to 500°F (260°C)
TENSILE STRENGTH	Up to 700 PSI
ADHERES TO	Metal, concrete and plastic
ELECTRICAL	Meets ASTM D149

Please see technical data and material safety data sheets for complete details.

COLORS

Black (U.S.)
276713

Opaque (U.S.)
276714

Black (Canada)
276715
